

Hello Fellow 265 Retiree's

The November luncheon was our last for 2017. The attendance was the best of the year. As I looked around the room, I saw members and their wives from all corners of our local. It made me realize the bond and friendship we had forged through are working years as Sheet Metal Workers. As much as we argued and criticized each other, we all had the same goal in common and that was to do the job and get the job done right to move on to the next one in order to better the lives of our families. And now we still forge great memories.

Before I go to much further, myself and all of the members of local 265 Retirees club would like to send a GIANT and truly a heartfelt Thank you to the currant membership and Offices of local 265, for their Christmas donation to the retiree's club. Brothers THANK YOU.

There are so many things to celebrate in the month of December and some of the biggest are the Birthdays of Brothers, Jim Salisbury, Butch (FLO) Galass, Joe Slivka, George Partilla, Bob Messier. So, from all of us to you, have the best ever you guys.

Before we sign off for another month, let me leave you with these words. "It does not require many words to speak the truth" (chief Joseph), "Kindness is a language which the deaf can hear and the blind can see" (Mark Twain).

So until next year from all us of us to all of you stay warm , stay safe and have the BEST CHRISTMAS EVER .

Yours Truly  
Alfie Rodriguez  
Art Delorenzo

HAPPY HOLIDAYS TO ALL
